The cost and possibilities of damming and screening the outlet of Sedge Brook was discussed at some length, and it was felt that something should be done in this line.

This year a liberal quantity of trout have been put in the lake, and the brooks have been more or less guarded by vigilant-eyed officers.

H. B. Foster was chosen as a delegate from this association to attend the Maine Sportsman's Fish and Game Association's meeting in Augusta on Friday evening, the 14th. Several other members are expected to attend.

The Annual Meeting of this Association will be held next May. An effort will be made to increase the membership and all unpaid dues of members are to be remitted, and all who will pay a dollar will be given a receipt for membership up to May, 1917.

Let's all send in a dollar to F. R. Seavey and get a membership receipt up to that time. There is much to be done in stocking and protecting lakes and ponds in this vicinity, and especially Penne-scawsee Lake.

Sidney R. Sanborn.

After an illness of only a few days at the Lynn City Home, Sidney R. Sanborn, for many years employed in the Norway shoe factory, died on Monday night. His funeral was held this Thursday afternoon from the undertaking rooms of Darcy & Quick in Lynn and burial was in Pine Grove Cemetery in that city. He was 65 years old. Mr. Sanborn went to the City Home several weeks ago after he had injured his shoulder by falling on the sidewalk. His condition became such that he was removed to the Lynn hospital.

An Erroneous Story.

There has been a story circulated over town that Mrs. Etta Bean of East Bethel, who does considerable dressmaking in town and has many friends here, was critically ill having suffered a shock at the home of her niece in Lawrence, Mass., where she is visiting. Word was received direct from her Wednesday night by a friend, saying that the story was wholly without foundation and that she was in her usual health and is at loss to know how such a story could have been started.

On Tuesday night, Jan. 4, occurred the installation of the officers of Harry Rust Post. The following are the officers for the ensuing year:

Com.—Winfield S. Cordwell.  
S. V.—William O. Needham.

Westbrook 18; Norway 12.

In the basketball game between Westbrook high school and Norway high in Westbrook, Saturday evening, Westbrook team won by a score of 18 to 12. The most interesting time of the game was at the end of the first half when both teams had found the basket for counts of seven.

In the second half, the Norway boys gave the local men an opportunity to get four much-needed floor goals and the visitors were unable to again reach Westbrook's mark. The fine coaching of the Westbrook backs, especially Walter Hay, J. Stearns in the chair, and the report of the association's meeting in Augusta on Friday evening, the 14th. Interesting Discussion at Next Board of Trade Meeting.

The meeting will be held next Wednesday or Thursday evening at the Municipal Court Rooms. Postal card notices will be sent and all the merchants and people are invited to attend as the question discussed interests every one.

For many years cottage owners and visitors at the Lake have claimed the right to bath in its waters. It is an open secret that bathing has been done more or less for years past. The right of the Norway Water Co. to prohibit bathing is seriously questioned, especially when the bathing is done at a reasonable distance from the water intake. That this prohibition is necessary to maintain pure water is also questioned and denied by those who wish to use the water for that purpose.

These are the questions to be discussed. It is hoped some middle ground agreement can be had.

The writer feels the waters lying north and west of a certain point on the Free-man shore might with out danger to any one be opened to bathers and that owners of lake property are asking only what is fair to allow bathing in certain parts of the lake.

Come out and talk it over.

Preparations were made by appointing a committee to arrange for the Universalist State Convention which will be held here this year.

It was also voted to make repairs on Concert Hall and add toilets.

Officers were elected as follows:

Music Com.—Mrs. Hugh Pendexter, Mrs. William C. Leavitt, Mrs. Lester Ashton.

Arthur H. Swan.

Arthur H. Swan passed away at his home in Roxbury, Mass., Wednesday morning at two o'clock, after an illness of several months.

Mr. Swan was born at Norway, January 14, 1872 and received his education in the public school and graduated from the class of 1890. For a few years he was in the shoe factory, finally assuming charge of the lining cutting room, afterwards he went into the bakery business at Bridgton. From there he went to Roxbury, Mass. At one time he was proprietor of three bakeries there, but on account of failing health he sold two of them.

While at Bridgton he was married to Blanche E. Kimball, and they have two children, Dorothy Louise, a student of Boston University and Eric Linscott, who is attending the public schools.

Besides the family he leaves his mother, Mrs. Rowena M. Swan and two sisters, Ellie S., and Linnie R. Bartlett of Norway.

He was an active member of the Dirigo Club of Dorchester, the Page Class of the Dudley street church and also a member of Norway Lodge of Odd Fellows; Wilsey Encampment and Mt. Hope Rebekah Lodges. He was also interested in Civic affairs. His devoted life to his family was an inspiration to all who knew him.

Funeral services will be held from the Winthrop street M. E. church, Roxbury, Friday afternoon, his 44th birthday, Sunday will be conducted by the Rev. Dr. Rice, the pastor, assisted by the Rev. C. L. Page of the Dudley street church and the Rev. James H. Holden of the 1st Universalist church of Roxbury.

The remains will be taken to Norway and services will be held at the home of his mother on Crescent street, Sunday afternoon in charge of the Odd Fellows. Interment will be at Pine Grove cemetery.

A Noted Artist.

The older Norway people will be interested to learn the following about a former Norway man.

With scores of friends, fellow-artists and relatives calling during Saturday afternoon and evening to pay their respects and extend their good wishes, Darius Cobb, the artist, and his wife celebrated their golden wedding at their home at 1187 Boylston street, Newton Upper Falls, Massachusetts. Mr. Cobb was firm in his prediction that he and his wife would observe their 75th anniversary.

The chief feature of this New Year's day observance in the Cobb home was the presentation to Mrs. Cobb of a portrait of herself, done by her husband, and furnished only by him the day before. The painting, a true up to date gift, and is one of the best pieces that ever came from the brush of the artist.

The Cobbs kept open house throughout the afternoon and evening, and all their friends and relatives were welcomed. The artist, with his flowing beard and upright, youthful carriage, made a picturesque sight as he greeted callers with a strong grasp of the hand.

Mr. and Mrs. Cobb were married on New Year's Day in 1866 in East Boston, by the Rev. Warren H. Cudworth, Chaplain of the 6th Massachusetts regiment in the civil war, then just ended. The late Cyrus Cobb, a twin brother of the artist, married a sister of the bride at the same time. Mrs. Cobb was before her marriage a Miss Mary L. Little of Boston, while it was her sister Emma who married Cyrus, who in later years became a sculptor of note. Both Mr. and Mrs. Cyrus Cobb are now dead. At the wedding ceremonies, each couple was attended by the other.

Mr. Cobb made a trip through the western states during the last year. The journey included a trip up Mt. Rainier, a difficult task for a young man, but easily accomplished by Mr. Cobb. In fact, the story goes that he gave his companions all they could do to keep up with him. He has just finished a picture of the peak from a sketch made on his visit there.

As he has often said, Mr. Cobb lays his strength and health in his later years to the fact that he drinks nothing but cold water, and that he has drunk nothing but that practically all his life. He still does a great deal of cross-country rambling, and is sure that that also helps. His early training which he received when he was, as he himself says, "quite a boxer," also gets its share of credit.

Mrs. Cobb is a few years the junior of her husband. She has snowy white hair, which her husband says is possessed only by women of lofty character.

Six of the seven children of the couple were present at the celebration, the only absentee being Rev. Percival Bartlett Cobb of Long Beach, Cal. The present was Mrs. Lillie Alden Cobb of Newton, Miss Cora Stanwood Cobb of Newton, Frederick W. Cobb of Newton, a member of the board of aldermen; Mrs. Estelle M. Wheeler of Newton and Mrs. Edith M. Myers of Akron, Ohio.

## KNOW IT WELL

Familiar Features Well Known to Hundreds of Norway Citizens.

A familiar burden in many a home, The burden of a "bad back."

A lame, a weak or an aching back Often tells you of kidney ills.

Doan's Kidney Pills are for weak kidneys.

Here is good testimony to prove it.

L. E. Monk, mechanic, Pleasant St., South Paris, Me., says: "I suffered nearly every day from a lame back. The kidney secretions were unnatural and I knew that my kidneys needed attention. Some one told me to try Doan's Kidney Pills and I got a box. They did me a great deal of good and two or three boxes made me well."

Three years later, Mr. Monk said: "My kidneys have remained sound and healthy since I used Doan's Kidney Pills."

## OLDER BUT STRONGER

To be healthy at seventy, prepare at forty, is sound advice, because in the strength of middle life we too often forget that neglected colds, careless treatment of slight aches and pains, simply undermine strength and bring chronic weakness for later years.

To be stronger when older, keep your blood pure and rich and active with the strength-building and blood-nourishing properties of Scott's Emulsion which is a food, a tonic and a medicine to keep your blood rich, alleviate rheumatism and avoid sickness. No alcohol in Scott's.

Mr. and Mrs. William Gordon are ill at their home in town. Their grand daughter, Marjorie Billings of Brighton, Mass., who has been very ill at their home, in Fryeburg, is improving in health.

Harriet L. Abbott and her brother Charles A. Abbott, moved into their new home on Jan. 1. The new and commodious house which has just been erected, is situated on the Abbott lot on Main street, where their former home was destroyed by fire.

William Henry Durgin, a well known citizen of Fryeburg, celebrated his 93rd birthday on December 31, at the Argue Not Inn, where he has made his home for several years. Since he was not, on that day, in quite his usual good health, his birthday was passed very quietly.

Clarence Southard of Boston passed the weekend in Fryeburg, where he was the guest of Mrs. M. Blanche Page of Yarmouth. He was called to town on account of the illness of his father, T. K. Southard.

Mary Hastings, who has been spending a few days in Boston and Portland, has returned to her home in Fryeburg.

Elta Burbank has gone to Portland to enter Gray's Business College.

W. R. Tarbox was in Portland, Saturday. His friends are glad to see he is regaining his health.

Albion A. Perry was in Fryeburg recently.

Grover Post and Grover Circle had a joint installation, Tuesday, Jan. 4. Only part of the Circle officers were present owing to illness. Mrs. Tarbox, who was to install for the Circle, was unable to be present, but is some better now.

Marcellus M. Smart passed his 75th milestone at his home at Fryeburg Center, Jan. 10.

Joseph Wiley, who has carried the mail for several years, has resigned from the position and it is understood there are several who will put in bids for the same. The salary for the last few years has been too meagre and the work has increased greatly owing to the parcel post. Mr. Wiley has been a faithful man for the place and has made many friends.

Alfred Haskell returned to Bates College, Thursday. The other college students returned to their various schools earlier in the week.

**DON'T SCOLD FRITFUL CHILDREN**  
That nervous, fretful and restless child is no real trouble. They are worms or constipation. Instead of whipping or scolding, give your child a treatment of Kickapoo Worm Killer. These poisons and worms bring on fever, make children nervous and irritable, reduce their vitality and make them victims of sickness. **STOMACH MISERY QUICKLY VANISHES**  
Your money back if you want it is the way in which the Noyes Drug Store, the popular druggist is selling Mi-o-na, the great dyspepsia remedy.

This is an unusual plan; but Mi-o-na has so much merit and is so almost invariably successful in relieving all forms of indigestion that they run but little risk in selling under a guarantee of this kind.

Do not be miserable or make your friends miserable with your dyspepsia. Mi-o-na will help you. If it doesn't, tell the Noyes Drug Store that you want your money back and they will cheerfully refund it.

A change for the better will be seen from the first few doses of Mi-o-na and its continued use will soon start you on the road to perfect digestion and enjoyment of food.

Mi-o-na has been so uniformly successful that every box is sold under a positive guarantee to refund the money if it does not relieve. What fairer proposition could be made?

The Noyes Drug Store give their personal guarantee of "money back if you want it" with every box of Mi-o-na that they sell. A guarantee like this speaks volumes for the merit of the remedy. 1-2

**Golden Wedding.**  
Mr. and Mrs. Cyrus Shaw Hayes celebrated the fiftieth anniversary of their marriage Saturday at their home in Oxford. Many guests were received from 3 o'clock to 7:30 to 10. Mrs. Hayes looked very beautiful in one of her wedding gowns, a green French brocade, which was brought to her from France by an uncle who was a sea captain.

Refreshments were served in the dining room. The rooms were decorated with yellow flowers, appropriate for the occasion. Mr. and Mrs. Hayes were the recipients of many fine presents, including quite a sum in gold.

They were married in Portland at the home of Dr. Samuel H. Tewksbury, whose wife was a sister of Mr. Hayes, January 10, 1866, and started housekeeping on the farm where they have always lived. Nine children were born, all of whom are living, and all were present at the home for the week-end and the anniversary, which is a most remarkable record.

Mr. Hayes is 76 years of age and has carried on the work at the farm until within a few years, when he turned it over to his two sons, who lived at home. Mrs. Hayes is 69 years old, very smart and active.

From Saturday until Tuesday there were 23, all members of the family at the farm, and Sunday an elaborate dinner was served, everything being prepared by Mrs. Hayes. The nine children and their families, who were present were: Mr. and Mrs. S. H. T. Hayes of Bangor; Fred S. Hayes of Bangor; Edward K. Hayes of Emmet, Idaho, Mr. and Mrs. James N. Hayes and three children of Norway; Miss Jane Hayes of Baltimore, Mrs. Florence Hall, and two daughters and Mr. and Mrs. Charles L. Andrews and son of Augusta; Mr. and Mrs. Andrew Hayes of New Haven, Conn., and Mr. and Mrs. Arthur G. and son, who live at the farm. Mrs. Hayes' brother and sister, Frank Manson, and Miss H. L. Manson of Boston were also present.

The occasion will long be remembered as being most happy and joyous. It is seldom a family circle remains so many years unbroken.

The teachers of the town met at Welchville on Friday evening and the following program was carried out:—Address, "Some Essentials of a Successful School," Supt. E. B. Hildreth, Reading, "Use of the Text-book," P. M. Moore, of the High School; Study and discussion of "The Art of Questioning," by the teachers under the direction of the Superintendent; Question Box. All the lovelier teachers were present as well as several visitors. The next meeting will be held in the High School, Feb. 11.

H. S. Denning of Kittery, who works in the navy-yard there, is visiting in town.

Mrs. William Pounce visited Mrs. Dunn, Friday.

Mr. and Mrs. Cyrus Hayes will celebrate the fiftieth anniversary of their marriage on Jan. 10.

Edward Keith Hayes of Emmet, Idaho, is in town.

H. H. Bryant of Waterville visited some of our schools this week. Mr. Bryant represents Ginn & Co. of Boston.

Mrs. Anna Edwards returned from Dixfield, where she has been visiting her son, on Sunday.

Jessie Davies, who spent the Christmas vacation with her parents in Georgetown, is again at G. B. Turner's.

Mr. Kimball of Mercer, who has been employed at Kamp Kohut for a few days, left for his home, Monday.

Mrs. Frank Walker is sick with the grip. Mrs. Mary Scribner is working for her.

Alfreda Haskell returned to Bates College, Thursday. The other college students returned to their various schools earlier in the week.

**WHY THEY WIN**

The most valuable crops are those which are treated with the best fertilizers, and the best fertilizers are those which contain nature's food.

Lowell Animal Fertilizers are made of BONE, BLOOD, MEAT and high grade chemicals. They make your soil rich and productive in nature's own way. And they are always active, continually feeding the crop with nutrition enough to keep the soil rich and productive.

The war cut off the supply of potash. We immediately conducted extensive experiments through New England with specially prepared formulas, which produced abundant crops.

"The Maine Experiment Station tried out fertilizers—some with and some without potash. The result proved that the yield of potatoes without potash was far more profitable. And the potatoes did not suffer from lack of potash."

## A Happy Letter.

Norway people will read with interest this letter from Roger Hutchins, who for several years had employment at the B. P. shoe factory, and who, as a boy lived in Fryeburg. We print the following taken from a New Year's letter to a friend:

Yesterday being a holiday and only one delivery, I didn't get the Old Reliable Advertiser. Very mild weather here. Had a rain last night and it is damp and foggy today. No snow here, though we have had one good storm in December which left snow with us for about a week.

The Auto Show is on for a week, and I am wondering if we will meet anyone from Norway.

Mrs. Hutchins has returned from Washington. While there she was admitted to the Bar before the Supreme Bench. She was in Washington as a delegate from New York State to the Convention held there in the interest of woman suffrage. I was talking with one of Boston's shoe men here last week, and he spoke very highly of business prospects in Norway. He says you fellows put out a class of goods that stand on their merits—a line of shoes that have some personality in their construction and quality. I was pleased to hear it, for I am still interested in the welfare of your prosperous town, and am glad to know the business outlook for the future is so promising.

Business has been exceptionally good around here this season. Keeps us all moving most of the time. How much snow have you there?

Heard some fine music this p. m. at 4:30—vesper services, about 80 voices. We still like New York. So many very good advantages to be had here. Keeps me on the go quite a lot though. We belong to an Academy of Music here which offers remarkable features in the way of entertainment. Very reasonable, too. It is a large Institute of Arts and Sciences. Christmas p. m. we saw the "Battle of Peace." In the evening went to the opera, "The Barber of Seville." Sunday evening four of us had dinner at Little Hungary over in town. Monday we had friends at the house. Tuesday a birthday party, a surprise to me, as I returned from the Y. M. C. A. with a houseful of friends and champagne. Wednesday evening I went to the Shrine at Kismet Temple. Thursday, a Christmas tree for the kiddies at my club. Friday good night. At the Masque and Reception at Kismet we got home yesterday a. m. in time for breakfast. So now the dead New Year is started off and going fine. Now we can get out to business again. My finger came out very good as you will see by the clipping enclosed from the News under the head of "United Shoe."

United Shoe Machinery Plant, Beverly, Mass., Dec. 22—Roger Hutchins, of the general department of the New York office, who is well known at the Beverly factory through his six years of service on the 'cam job and setting up department, and perhaps better known as the World's Series winner of a few years ago, has returned to work after having been housed with an injured finger. "Hutch" is a bowling bug and recently at the Brooklyn Y. M. C. A. alleys, where he was rolling the big pins, a ball caught his finger, as he was about to lift a ball from the rack and laid it open so that it took 12 stitches to close the laceration.

## Parent-Teacher Association for Child Welfare in Home and School.

Last Friday afternoon Mrs. W. L. Smith of Malden spoke before the teachers and parents of Norway, in regard to organizing a Parent-Teacher association. Very few were present, but those who did attend agreed with the teachers that an organization of this kind would be a great benefit to Norway. Arrangements have been made to hold a meeting Friday evening, Jan. 21, at the High School building, to form such an association.

The Parent-Teacher Association is a movement which has spread all over the country, for the benefit of bringing the parents into closer touch with the teachers and schools.

It has a department in many State educational associations. It has the cooperation of the U. S. Bureau of Education. It has the co-operation of the Child Study Institute of Worcester, Mass., of boards of health, boards of education and the co-operation of all who have made child study a specialty.

It is a national university and directory for parents. Any information in regard to children, concerning their mental, moral or physical training, can be obtained through this association, given by the best authorities in the country, free of charge.

It will be a great advantage for us to have such an association in Norway. All we need to make it a great and permanent success is the presence of all fathers, mothers and children, young or old, who are interested in the welfare of our schools and children.

The first organization meeting will be held, as before stated, in the High School building, Friday evening, Jan. 21. This will not be a dress-up affair. After a short program there will be a chance for open discussion on all subjects pertaining to the schools and children. Simple refreshments will be served free of charge. An informal social time will follow. Anyone is welcome between 7:30 and 10:00 P. M. Program will begin at 8 o'clock.

## CATARRH LEADS TO CONSUMPTION

Catarrh is as much a blood disease as scrofula or rheumatism. It may be relieved, but it cannot be removed by simply local treatment. It causes headache and dizziness, impairs the taste, smell and hearing, affects the voice, deranges the digestion, and breaks down the general health. It weakens the delicate lung tissues and leads to consumption.

Hood's Sarsaparilla goes to the seat of the trouble, purifies the blood, and is so successful that it is known as the best remedy for catarrh.

Hood's Sarsaparilla strengthens and tones the whole system. It builds up. Ask your druggist for Hood's, and insist on having it. There is no real substitute.

## How to avoid Operations

## These Three Women Tell How They Escaped the Dreadful Ordeal of Surgical Operations.

Hospitals are great and necessary institutions, but they should be the last resort for women who suffer with ills peculiar to their sex. Many letters on file in the Pinkham Laboratory at Lynn, Mass., prove that a great number of women after they have been recommended to submit to an operation have been made well by Lydia E. Pinkham's Vegetable Compound. Here are three such letters. All sick women should read them.

Marinette, Wis.—"I went to the doctor and he told me I must have an operation for a female trouble, and I hated to have it done as I had been married only a short time. I would have cold all the pains and my hands and feet were cold all the time. I took Lydia E. Pinkham's Vegetable Compound and was cured, and I feel better in every way. I give you permission to publish my name because I am so thankful that I feel well again."  
—Mrs. FRED BENNETT, Marinette, Wis.

Detroit, Mich.—"When I first took Lydia E. Pinkham's Vegetable Compound I was so run down with female troubles that I could not do anything, and our doctor said I would have to undergo an operation. I could hardly walk without help when I read about the Vegetable Compound and what it had done for others I thought I would try it. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."  
—Mrs. THOS. DWYER, 989 Milwaukee Ave., East, Detroit, Mich.

Bellevue, Pa.—"I suffered more than tongue can tell with terrible bearing down pains and inflammation. I tried several doctors and they all told me the same story, that I never could get well without an operation and I just dreaded the thought of that. I also tried a good many other medicines but to no avail. I got a bottle of Lydia E. Pinkham's Vegetable Compound and a package of Lydia E. Pinkham's Sanative Wash and used them according to directions. They helped me and today I am able to do all my work and I am well."  
—Miss IRENE FROELICHER, 1233 Manhattan St., North Side, Bellevue, Pa.

If you would like special advice write to Lydia E. Pinkham Med. Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

MANY TROUBLES DUE TO WEAK KIDNEYS

"It is no use advertising a medicine unless the medicine itself is good enough to back up the claims you make for it," said Frank Kimball, the popular druggist, to a Norway man. On the other hand it is a pleasure to sell a medicine when my customers come in afterward and tell me how much good it has done them. And that is why I like to sell and recommend Solvax, the great kidney remedy. I have so much faith in this article that I am going to guarantee it in the future and will return the money to any purchaser of Solvax whom it does not help."

This shows great faith in Solvax. It really is a most unusual medicine because it overcomes the worst cases of kidney complaint by removing the cause. It goes straight to the seat of the trouble. It soaks right in and cleans out the kidneys and makes them pass off all the uric acid and poisonous waste matter that lodges in the joints and muscles, causing rheumatic pains; soothes and heals the bladder and quickly ends all such troubles.

## ONE PRICE TO ALL

Worth \$10.00 reduced to \$1.39—Some discount that. Did you ever read an "AD" which promised something like the above? Certainly you have, but did you believe it? No. If the article is really worth \$10.00 there is no necessity for selling it for \$1.39—it will bring much more—and if it is offered for \$1.39 there are good reasons why it is not worth \$10.00.

Because an article was worth \$10.00 once, it does not follow that it is worth \$10.00 today. It would be worth as much as it would sell for, no more, no less.

Ladies' hoop-skirts for instance, "worth \$1.50 at 9 cents each" would be rather absurd as, from a commercial standpoint, they are not even worth 9 cents at present—the style has passed.

Exaggeration is a modest name for misstatements of this kind—We know how absurd they are—you know it too—We never make them. In all of our advertising we stick to Plain Facts. Whether the values quoted are large or small, they are true—ALWAYS. If styles have passed an article by, the value has decreased and we had such articles to advertise we would make this point plain—Always.
